

Supplier Agreement — Apex Packaging

SYNTHETIC DEMO DOCUMENT — AI Supply Chain Copilot Portfolio Project

Document ID	CTR-SUP009-2026
Supplier	Apex Packaging
Supplier ID	SUP009
Country	Mexico
Planning Lead Time	22 days
Contract OTD Target	90%

1. Parties and Scope

This synthetic supplier agreement covers purchases from Apex Packaging (Supplier ID SUP009), Mexico, for packaging-related materials used by the demonstration enterprise.

2. Delivery Commitment

Apex Packaging will target on-time delivery of at least 90% of purchase-order lines measured against the mutually confirmed delivery date. Standard planning lead time is 22 calendar days unless a purchase order or written confirmation specifies otherwise.

3. Service-Level Review

If measured on-time delivery falls below 85% in a review period, the buyer may require a written recovery plan. If the transactional delay rate exceeds 20% in a review period, the parties will conduct a formal supplier performance review within ten business days.

4. Corrective Action

For repeated late deliveries, Apex Packaging will provide root cause, affected orders, recovery dates, and preventive actions. The buyer may request weekly recovery updates until agreed service levels are restored.

5. Business Continuity

For critical material at risk, the buyer may use expedited freight, temporary inventory buffers, or alternate qualified sources. Use of these measures does not by itself terminate this agreement.
